Sir:

It is respectfully requested that the examiner consider and cite of record the three documents listed on the attached. Also submitted herewith is a copy of an office action issued by the Korean Patent Office on September 29, 2003 in connection with Korean Application No. 10-2001-004373 believed to correspond to the captioned application. This Korean office action cites as a reference Korean Patent Application 2002-9429. Also submitted herewith is a copy of EPO 1 174 916 believed to be an English language equivalent of the cited Korean document 2002-9429. Finally, also submitted herewith is a copy of European Application Publication No. 1174914 which is related to the aforementioned EPO publication. All of these publications are commonly owned by the assignee of the captioned application.

However, comparing their dates with the effective date of the present application, it does not appear that any of these documents are prior art against the captioned application.

Respectfully submitted,
